The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 10-18 are rejected under 35 U.S.C. 102(b) as being anticipated by WO 99/23996 (WO '996).

WO '996 (see page 3 lines 4-6 applicants' spec), teaches a red rice product containing at least 0.05% lovastatin (page 8 lines 14-16). Preparations in hydrogenated edible fats are specified (page 17 lines 24-26). Further processing is discussed (page 12 lines 13-15). As to the claimed polyphenols, WO '996 teaches 15 grams soybean powder to 100 grams of rice (page 19 line 17). Applicants disclose polyphenols as soy actives (spec page 8 lines 15-17). As to the claimed color, WO '996 teaches extraction with ethanol (page 12 lines 13-15), the same process disclosed by applicants on page 23 lines 13-15. Thus, the color obtained in the anticipatory composition must be the same as that claimed.

Claim 14 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 14 "1 wt." Is indefinite. Is one percent by weight intended?

No claims allowed.
